Sir,

I have the honor to state that in the tour notes of January 1921 of the Third Member of Council it is observed that the Government grant of Rs.50/- to the Hirebile Dispensary was sanctioned on the understanding that the Dispensary would be located at that place but it is now located at Mallarasanagudda and that the grant would be stopped if this condition is not satisfied. Mr.E.C.Kent was requested to intimate as to when he would arrange to transfer the Dispensary to Hirebile and in reply he has stated that what is stated in the Tour notes is incorrect. A copy of his reply is sent herewith. I request that a copy of the Government order sanctioning the grant may kindly be forwarded for reference.

Sir,

With reference to the correspondence ending with your letter No.L.3844 med. dated the 4th January 1922 regarding the - location of Mr.Kent's dispensary, I have the honor to state that it is seen from the copy of the Government order No.G.7139-41 med 122-19-10 dated the 30th September 1920 now furnished that a grant-in-aid of Rs80/- per mensem was sanctioned to Mr.Kent for establishing and maintaining a dispensary in his estate. Mr.Kent has accordingly maintained a dispensary in his estate at Mallarasanagudda which is adjacent to Hirebile and he has stated in his letter a copy of which has already been sent to you with my letter No.C.194 L.B./21-22 - dated the 15th December 1921 that it was not the understanding to establish the dispensary at Hirebile as observed in paragraph 44 of Third member's tour notes of January 1921. Mr.Kent's contention - seems correct.

In these circumstances, I request to be favoured with instructions as to whether any further action is required to be taken in the matter.

Mr. Kent requests the continuance of the arrangement for a further period. I inspected the institute on the 12th December 1921 and was glad to find nearly six-thousand patients belonging to Mr. Kent's Estate and to neighbouring villages had received treat-ment and that the institution was doing very good service to the public.

I therefore request that the present arrangement may kindly be continued for another year.

With reference to your letter No.C.1359-1 dated 1st Febry. 1922 requesting sanction to the continuance of the grant to Mr. Kent's dispensary, I am directed to invite ~~your~~ attention to the marginally noted observations of the 3rd Member of Council in his tour notes forwarded to you with O.M. No.G.22500-60/G.M. 95-20-9 dated 27th May 1921 and to request you to be so good as to favour Govt. with your views in the matter of the suitability or otherwise of the present location of the dispensary at Mallarasana Gudda instead of at Hirebyle, after a careful consideration of the following points:-

The continuance of the Govt. grant of Rs.50 to Mr.Kent's Dispensary was recently sanctioned on the understand that the dispensary would be located at Hirebyle. But I was informed that the dispensary was actually at Mallarasana Gudda four miles off. Mr. Kent should be informed that the grant will be stopped unless he abides by the conditions on which it has been sanctioned.

1. From the tenor of the Govt.Order of 30th Septr. 1920, it is ~~fairly clear~~ Evident that the location of the dispensary in the Hirebyle Estate was contemplated as there is no mention of Mallarasana-Gudda therein.

2. It is understood that the distance between Mallarasana Gudda and Hirebyle is 4 miles. Whether the people of Hirebyle village can conveniently ~~xg~~ avail themselves of the benefits of the Dispensary in spite of the distance (Hering in the malnad) has to be carefully considered, as also the point whether taking all circumstances into consideration it is desirable to ~~get~~ have the dispensary transferred to Hirebyle or allow it to remain at ~~xxxxx~~ ~~xxxxxxxxxxxxx~~ Gudda

SIR,

With reference to your letter No.L.4891-Med.91-21-3, dated 27th February 1922, I have the honour to forward herewith for favour of perusal and kind return, this office files - B.Dis.No.241 dated 21st May 1920 and A.Dis.No.77, dated 18th October 1920, relating to the subject of Mr.Kent's Dispensary and grant-in-aid to the same.

2. I cannot find therein, either in the several letters written by Mr.Kent, or for the matter of that, in G.O.No.C. 7139-41-Med.122-19-10 dated 30th September 1920, any definite reference to the opening of the dispensary at Hirebile village. The correspondence may be said to have originated in Mr.Kent's application dated the 10th May 1920 made to Government for help to enable him to open a dispensary "in his estate" primarily for the benefit of the coolies working in his estate and then also for the benefit of the residents of surrounding villages. In the communications made from this office "Mr.Kent of Hirebile Estate" is mentioned and grant-in-aid to the dispensary proposed to be opened by him "in his estate" or " in Hirebile Estate" is recommended. In the letters received from -- Government, e.g. No.1753-Med.122-19-8 dated 23rd July 1920, "Mr.Kent's dispersary at Hirebile" is alluded to. It is

is presumed that Mr. Kent owns an estate known as "Hirebile Estate" and there has evidently been some confusion of ideas in the matter of the location of the institution, that it was to be located in "Mr.Kent's Estate", "Mr.Kent's Hirebile Estate", and "at Hirebile" meaning Hirebile village.

3. But so far as Mr. Kent himself is concerned, I find that he has been consistent, thoughout. All his communications are from "The Gooda" Hirebile Post, which I understand is situated in Mallarsanagudde Estate, and he wants the help to open the dispensary in his Estate there. This is quite clear from his letter dated 3rd June 1920, to the Senior Surgeon, in which he refers to what he calls" The Hirebile Scheme" in connection with which he was to have a large hospital "at Hirebile" and that pending sanction thereto, he wanted only the services of a Sub Assistant Surgeon to work in his "Gooda" estate.

4. I actually paid a visit to the dispensary in December last and found that Mr. Kent has located the institution in a decent building, equipped it with necessary medicines and instruments and has provided comfortable quarters for the Sub Assistant Surgeon to live in. I also found that medical aid was being freely given to patients coming from outside, Mr.Kent's Estate. The dispensary is within about 3 miles from Hirebile village, the people of which have been freely resorting to it for medical aid. There has been no representation from the public either to the District Medical Officer or to this office, to the effect that the location of the dispensary in the present building has been causing them inconvenience or that they are not allowed free access thereto. Moreover, there is no building in Hirebile suitable for holding a dispensary and for the Sub Assistant Surgeon's quarters. If, on the score of the technical objection raised in your letter, the Government were to withhold their aid and Mr.Kent obliged to close his institution, the people of Hirebile will have to go all the way to Balur or Kalasa, which are situated at a far greater distance.

A grant-in-aid was sanctioned to Mr. Kent's Dispensary on the understanding that it would be located at Hirebyle and be useful not only to the coolies of Mr. Kent's Estate but to the general public of Hirebyle and surrounding villages. But it has now come to light that the Dispensary is located not at Hirebyle but at Mallarasanagudda, four miles away from that village. There is therefore no doubt that it is useful mainly

and (d) that if the grant is not continued the dispensary were to be closed in consequence the people of Hirebyle will have to go all the way to Kalasa or Balur at a far greater distance

Govt consider that the dispensary as located at Mallarasanagudda will be useful only to Mr. Kent's coolies. The intension of Govt in sanctioning the grant-in-aid was that the dispensary would be located at Hirebyle so that it might be useful to the people there. But it was not made clear in the G.O. under the belief that the estate was at Hirebyle. The Senior Surgeon

does not state in his report how many people of Herbyle village received treatment at the dispensary. However in consideration of the Senior Surgeon's recommendations, Govt are pleased to sanction the continuance of the grant-in-aid made and the arrangements made in the Govt orders read above for a further period of one year, on the strict understanding that the dispensary should be established at Herbyle, if the grant is to be continued at all in future.

Dated Bangalore, the 31st March/4th April 1922.

A grant-in-aid was sanctioned to Mr. Kent's Dispensary on - the understanding that the said dispensary would be located at -- Hirebyle and be useful not only to the coolies of Mr. Kent's Estate but to the general public of Hirebyle and surrounding villages. But it has now come to light that the Dispensary is located not at Hirebyle but at Mallarasanagudda, four miles away from that village Thus the usefulness of the dispensary so far as the general public are concerned is very much restricted and it is a question whether a grant from public funds to an institution of

ble. However as there

as to the place of location of the Dispensary, Government do not think it advisable to ~~stop~~ stop the grant without due notice to Mr.Kent. Government/are therefore pleased to sanction the continuance of the grant-in-aid sanctioned and the arrangements made in the Government Orders read above for a further period ~~of~~ of one year, on the strict understanding that the dispensary should be established at Hirebyle, if the grant is to be continued in future.
